PROGRAM

Dear colleagues,

we are very happy to offer an interactive workshop on the topic of identifying stable and instable carotid plaque by duplex ultrasound.

This workshop is aimed at anyone wishing to develop vascular ultrasound skills and is delivered by leading experts of the field.

We are looking forward seeing you.

Yours sincerely

Univ.-Prof. em. Dr. med. H.-H. Eckstein

Univ.-Prof. em. Dr.
H.-H. Eckstein

Univ.-Prof. Dr.
E. Bartels

Univ.-Prof. Dr.
H.-Poppert

PD Dr. C. Knappich

PD Dr. Dr. A. Busch

A short introduction is followed by talks, hands-on training and discussions

Subjects

Carotid artery - Principles and pitfalls in the examination technique

Assessment of plaque morphology what's new

Contrast - enhanced (CE) carotid sonography

Closing remarks and discussion
