

MEETING ON EXPERIMENTAL AND TRANSLATIONAL RESEARCH IN HEAD AND NECK CANCER

13th Symposium of the Working Group Oncology

SAVE THE DATE • February 23-24, 2024 • Munich/Germany

MEETING ON EXPERIMENTAL AND TRANSLATIONAL RESEARCH IN HEAD AND NECK CANCER

13th Symposium of the Working Group Oncology

Main topics:

- Liquid biopsy
- Cell signaling
- Epithelial-mesenchymal transition
- Tumor microenvironment
- Molecular Alterations
- New immunological therapies
- HPV-related Head and Neck Cancer
- Molecular imaging

Dear Friends and Colleagues.

It is our great pleasure to announce that the **Meeting on Experimental and Translational Research in Head and Neck Cancer**, with the scientific support of the Working Group Oncology, will be held on **February 23-24, 2024, in the beautiful city of Munich, Germany.**

We cordially invite you to attend this inspiring event in the field of head and neck oncology.

Our conference has attracted distinguished experts, who will share their valuable insights into the rapidly expanding field of translational research in head and neck cancer. We are confident that this conference will offer a great opportunity to gain new knowledge and network with esteemed colleagues.

We will soon provide further details on abstract submission and registration through our official website **www.headneck-cancer.de**

We look forward to your valuable contributions and to welcoming you to Munich, Germany, for this exceptional event.

Barbara Wollenberg
Conference Chair
